Anna is a vibrant and enthusiastic woman, whom I am happy I have (had) the opportunity to work with. Anna's enthusiasm opens doors and perspectives. Anna has a good set of brains you'd be wise to include from the beginning of a process. With sometimes the smallest tweaks she increases the impact of 'the message', and by doing so she also helps shape the way one frames the message itself. Very effective. Anna is personal, social, professional, strong willed and appropriately stand fast.
